

## How do I log in?

### Logging in for the first time

When you first sign up for School Surveys, you will receive an invitation email from [noreply@schools-surveys.com](mailto:noreply@schools-surveys.com). Click on the link in the email and you will be directed through the set-up process.

Please keep in the mind that the invitation link is only valid for **24 hours** and can only be used once. If you didn't complete the set-up process, the password reset function will not work.

You then have three options.

1. You can set a password and receive a one-time email link which will direct you to the portal homepage.
2. You can set a password and either facial or fingerprint recognition. This will only be available on devices which allow this option.
3. You will also be able to set up your account with Microsoft or Google by clicking the buttons shown below.

## If you have logged in before

If you have previously logged in to School Surveys, to login and create your survey, go to the website by [clicking here](#). Then, click the **login** button in the top right corner.

Then you will be prompted to input your email address and password into the required fields. If you have signed up using Microsoft or Google, simply click the **'login with Microsoft'** or **'login with Google'** button to be directed to your portal.
