

School Surveys Staff Guide

School Surveys is a platform which allows you to make your voice heard. It gives you the opportunity to anonymously tell school leaders what's going well at school, and where change is needed.

The survey is anonymous. We don't ask for any identifiable information. The only thing we ask is whether you are a teacher or a member of support staff. We don't ask anything else and there is no way for school leaders, or us, to know who you are.

To answer the survey, please follow the directions below.

1. Click the link that has been sent to you. It will begin with the link:
<https://participate.schoolsurveys.com>
2. You will then be asked to confirm where you are a teacher or support staff.

Which of the following best describes your role?

3. Once confirmed, you will have a series of questions to answer. You can use the prev button to move back through the previous questions.

4. Once you have completed the questions, your survey will be submitted.
